OFFICE OF THE STATE FIRE MARSHAL

NOTICE OF PROPOSED AMENDMENTS

- 4) Statutory Authority: Implemented and authorized by Sections 8 and 11 of the Illinois Fire Protection Training Act [50 ILCS 740] and the Peace Officer Fire Investigation Act [20 ILCS 2910].
- 5) A Complete Description of the Subjects and Issues Involved: These proposed rules: Update National Fire Protection Association ("NFPA") Standards and editions in OSFM rules that reference individual certification requirements; update and clarify qualifications, procedures and consequences for specific certification requirements, course approval submissions, and instructor requirements; eliminate sections that are no longer valid or in effect; create a new section for State Fire Marshal Arson Investigator Special Agent certification; and revise historical titles section to reflect certification level changes due to NFPA Standard revisions.
- 6) Published studies or reports, and sources of underlying data, used to compose this rulemaking: None
- 7) Will this proposed rulemaking replace an emergency rule currently in effect? No
- 8) Does this rulemaking contain an automatic repeal date? No
- 9) Does this proposed rulemaking contain incorporations by reference? Yes, there are updates of specific NFPA Standards. See proposed rules Section 141.20. These standards have been incorporated and are available for public inspection at:

Office of the State Fire Marshal
1035 Stevenson Drive
Springfield IL 62703
- 10) Are there any other proposed rulemakings pending on this Part? No
- 11) Statement of Statewide Policy Objectives: This proposed rulemaking does not create or enlarge a State mandate, as defined in Section 3(b) of the State Mandates Act [30 ILCS 805/3(b)].
- 12) Time, Place and Manner in which interested persons may comment on this proposed rulemaking: Persons wishing to comment on this proposed rulemaking may submit comments no later than 45 days after the publication of this Notice to:

Nancy Robinson, Deputy General Counsel

NOTICE OF PROPOSED AMENDMENTS

TITLE 41: FIRE PROTECTION

CHAPTER I: OFFICE OF THE STATE FIRE MARSHAL

PART 141

REQUIREMENTS FOR THE PARTICIPATION AND CERTIFICATION OF FIRE
PROTECTION PERSONNEL

SUBPART A: GENERAL

Section	
141.10	Purpose
141.15	Definitions
141.20	Incorporations by Reference
141.30	Establishing or Revising State Certification Standards
141.40	Requirements for Participation in Training, Certification and Reimbursement (Repealed)
141.50	Appeal Process
141.60	Reciprocity (Repealed)
141.65	Division of Personnel Standards (DPSE) WebAccess Portal

SUBPART B: TRAINING FACILITIES

Section	
141.100	Training Facility Approval
141.110	Resources Required for Certification as an Unlimited Training Facility or Regional Training Center (Repealed)
141.115	Course Approval
141.120	Course Equivalency
141.125	Course Approval Standards (Repealed)

SUBPART C: EXAMINATIONS AND CERTIFICATIONS

Section	
141.200	State Examinations
141.205	Testing Facilities and Proctors (Repealed)
141.210	Invalidation of a Candidate's State Written or Practical Examination Scores
141.215	Non-Affiliated Individuals
141.220	Certificates Earned by Bypass Examination (Repealed)
141.230	Examination Procedures for End-of-Course Examinations Not Administered by

OFFICE OF THE STATE FIRE MARSHAL

NOTICE OF PROPOSED AMENDMENTS

- the Office (Repealed)
141.240 Bypass Examination (Repealed)
141.250 State Certifications
141.255 Invalidation of a Candidate's State Certifications or Recertifications

SUBPART D: CERTIFICATION LEVELS

Section

- 141.300 Firefighter II (Repealed)
141.301 Basic Operations Firefighter
141.302 Airport Firefighter
141.303 Advanced Technician Firefighter
141.304 Firefighter III (Repealed)
141.306 Fire Apparatus Engineer
141.308 Fire Officer I (Repealed)
141.309 Company Fire Officer
141.310 Fire Service Executive Support
141.312 Fire Department Incident Safety Officer
141.313 Fire Department Health and Safety Officer
141.314 Fire Officer II (Repealed)
141.315 Advanced Fire Officer
141.316 Chief Fire Officer
141.317 Fire Department Safety Officer
141.318 Fire Service Instructor I
141.320 Fire Service Instructor II
141.322 Fire Service Instructor III
141.324 Training Program Manager
141.326 Basic Fire Prevention Officer
141.327 Fire Inspector I
141.328 Youth [Firesetting Prevention and Firesetter](#) Intervention Specialist
141.329 Fire Inspector II
141.330 Public Fire and Life Safety Educator I
141.331 Advanced Fire Prevention Officer

NOTICE OF PROPOSED AMENDMENTS

(Source: Amended at 48 Ill. Reg. _____, effective _____)

SUBPART B: TRAINING FACILITIES

Section 141.100 Training Facility Approval

- a) To become a training facility for purposes of conducting training as required by this Part, an application shall be submitted via the DPSE WebAccess Portal for review and approval by the Division. Each application shall include a minimum of one Course Approval Application as required in Section 141.115. If a submitted Course Approval is denied, the Training Facility Approval for that course shall be denied.
- b) A training facility shall have adequate resources available for conducting level specific training. Training facility requirements include:
 - 1) For courses at all certification levels:
 - A) Classrooms with adequate environmental control and seating capacity for the anticipated student population;
 - B) Multimedia projection equipment, whiteboards, chalkboards or the like;
 - C) Suitable interior or exterior areas for the performance of practical evolutions;
 - D) Real or simulated props for use during the performance of practical skills evolutions; and
 - E) Office-approved reference materials, available to both instructors and students.
 - F) Ability to provide *training in effective recognition of and responses to stress, trauma and post-traumatic stress experienced by firefighters that is consistent with Section 25 of the Illinois Mental Health First Aid Training Act in a peer setting.* [50 ILCS 740/8(d)]. The provisions of the Illinois Mental Health First Aid

OFFICE OF THE STATE FIRE MARSHAL

NOTICE OF PROPOSED AMENDMENTS

Training Act [405 ILCS 105] can be found at:
<https://www.ilga.gov/legislation/ilcs/ilcs3.asp?ActID=3506&ChapterID=34>

- 2) For Basic Operations Firefighter and Advanced Technician Firefighter courses:
 - A) A training tower of not less than 2 stories in height;
 - B) A smoke and fire room or building suitable for containing, and equipped for simulating, fire atmosphere and conditions;
 - C) Forcible entry and ventilation drill facilities, including a means of providing the student an opportunity to practice opening a variety of doors, windows, roofs, floors and partitions; and
 - D) Facilities for conducting live fire training (by permission and within the restrictions of applicable State and federal entities and in accordance with NFPA 1403), involving the following required scenarios:
 - i) Structural fires;
 - ii) Flammable liquid fires;
 - iii) Liquefied petroleum or natural gas fires; and
 - iv) Vehicle fires.
- 3) For Confined Space Operations, Confined Space Technician, Rope Operations and Rope Technician courses:
 - A) A training structure of not less than 2 stories in height, equipped with suitable engineered anchor points to be used during practical evolutions; and
 - B) Documentation supporting the use and load capacity of the anchor points maintained by the training facility and available to the Division upon request.

OFFICE OF THE STATE FIRE MARSHAL

NOTICE OF PROPOSED AMENDMENTS

- 4) For a Structural Collapse Technician course, there shall be an area suitable for training in extensive shoring operations.
- c) A training facility shall have adequate equipment required to conduct level-specific training. Training facility equipment requirements include:
- 1) For Basic Operations Firefighter and Advanced Technician Firefighter courses:
 - A) A fire apparatus equipped in accordance with ~~Chapters 5 and 6 of~~ NFPA ~~1900~~1901;
 - B) Rope and webbing suitable for search and rescue operations in accordance with NFPA ~~2500~~1983;
 - C) Protective clothing for each student, in accordance with NFPA 1971;
 - D) Approved Self-Contained Breathing Apparatus (SCBA) and one spare cylinder for each student, in accordance with NFPA 1981, which may be supplied by the student; and
 - E) Ability to replicate all learning experiences required for the level specific certification program.
 - 2) For Trench Operations, Trench Technician, Structural Collapse Operations, Structural Collapse Technician, Common Passenger Vehicle Rescue~~and Machinery Operations~~, Heavy Vehicle Rescue~~and Machinery Technician~~, Rope Operations, Rope Technician, Surface Water Operations and Watercraft Technician courses:
 - A) Rope and webbing of assorted lengths and appropriate ancillary equipment, in accordance with NFPA ~~2500~~1983; and
 - B) Hand and power equipment to be utilized during the performance of specialized practical evolutions as specified in the relevant NFPA Standard.

OFFICE OF THE STATE FIRE MARSHAL

NOTICE OF PROPOSED AMENDMENTS

- 3) For Hazardous Materials Operations, Hazardous Materials Technician, Confined Space Operations and Confined Space Technician courses:
 - A) Rope and webbing of assorted lengths and appropriate ancillary equipment, in accordance with NFPA ~~2500~~1983;
 - B) Hand and powered equipment to be utilized during the performance of specialized practical evolutions;
 - C) Approved Self-Contained Breathing Apparatus (SCBA) and one spare cylinder for each student, in accordance with NFPA 1981, which may be supplied by the student; and
 - D) Personal protective equipment to be utilized during the performance of specialized practical evolutions as specified in the relevant Standard.
- d) A training facility may utilize the resources of another training facility for training under this Part.
- e) Training Facility approvals will be granted on a calendar year basis. A training facility's approval will be valid for up to 5 calendar years from the date of the initial approval in conjunction with Course Approvals (See Section 141.115). A new application for Training Facility approval shall be submitted, utilizing the DPSE WebAccess Portal, prior to December 31 of the calendar year in which it expires. Prior to the expiration date of Training Facility Approval, the Division shall notify the training facility at one year prior and at 90 days prior of the upcoming expiration date.
- f) The Division may monitor, evaluate and review all aspects of training facilities and courses for conformance with the requirements of this Part. [50 ILCS 740/8 and 50 ILCS 740/11]
- g) Training facilities not meeting the requirements of this Part shall have their approvals suspended or revoked.

(Source: Amended at 48 Ill. Reg. _____, effective _____)

Section 141.115 Course Approval

OFFICE OF THE STATE FIRE MARSHAL

NOTICE OF PROPOSED AMENDMENTS

Training facilities wishing to offer courses leading to certification for classroom or web-based delivery shall submit a completed application for Course Approval, utilizing the DPSE WebAccess Portal, specifying the courses for which the training facility seeks approval.

- a) A Course Approval will be granted to those facilities that possess the specific Training Facility approval as required in Section 141.100.
- b) Training facilities shall submit the application for Course Approval utilizing the DPSE WebAccess Portal. The appropriate course name shall be selected from the courses offered. The training facility shall have the option of including the State Practical Examinations as part of the course completion roster by checking the box on the application prior to submission. When a training facility opts to include the State Practical Examination as part of the Course Approval, the training facility must attest that everyone listed on the course completion roster utilizing the Course Approval has completed and passed the State Practical Examination. A qualified instructor shall be required for each specified course to obtain approval.
- c) Course Approvals will be granted on a calendar year basis. A Course Approval will be valid for up to 5 calendar years from the date of the initial approval in conjunction with Training Facility Approvals. A new Application for Course Approval shall be submitted utilizing the DPSE WebAccess Portal, prior to December 31 of the calendar year in which it expires. Prior to the expiration date of Course Approval, the Division shall notify the training facility at one year prior and at 90 days prior of the upcoming expiration date.
- d) Training facilities may submit for approval for additional courses within the 5-year cycle. The appropriate Training Facility Approval shall be required for the additional courses. The expiration of the added courses shall remain in conjunction with the original expiration cycle. For example, a Course Approval granted between January 1, 2022 and December 31, 2022 will be approved until December 31, 2026. If a Training Facility received additional course approvals within the 5-year cycle (for example. on March 1, 2024), the additional Course Approvals will also expire on December 31, 2026.
- e) For each approved course, training facilities shall be required to submit a schedule of all courses to be conducted utilizing that Course Approval. The schedule shall be submitted using the DPSE WebAccess Portal Event Calendar no less than 2

OFFICE OF THE STATE FIRE MARSHAL

NOTICE OF PROPOSED AMENDMENTS

weeks prior to the first day of the course. Course completion rosters will be denied for courses that were not submitted using the DPSE WebAccess Portal Event Calendar no less than 2 weeks prior to the first day of the course. The information required consists of: the name of the training facility with course approval, title of the approved course, location of the course, dates of classroom instruction, contact name and contact information for the training facility, and if applicable, dates of examination.

- f) For a training facility to receive Course Approval for the following courses, the training facility shall submit required course syllabi and content correlated to the respective Standard as specified in Section 141.115(g) for review by the Division. The review process must be completed and approved before the Course Approval will be processed.
- 1) Company Fire Officer;
 - 2) Advanced Fire Officer;
 - 3) Chief Fire Officer;
 - 4) Fire Service Executive Support;
 - 5) Fire Department Incident Safety Officer;
 - 6) Fire Department Health and Safety Officer;
 - 7) Fire Service Instructor I, II, or III;
 - 8) Training Program Manager;
 - 9) Fire Inspector I or II;
 - 10) Public Fire and Life Safety Educator I;
 - 11) Youth Firesetting Prevention and ~~Firesetter~~ Intervention Specialist; ~~or~~
 - 12) Fire Investigator; ~~;~~
 - 13) Confined Space Operations or Technician; or

OFFICE OF THE STATE FIRE MARSHAL

NOTICE OF PROPOSED AMENDMENTS

14) Structural Collapse Operations or Technician.

- g) Required information to be submitted to the Division for review includes, but shall not be limited to:
- 1) Title of Course;
 - 2) Prerequisites;
 - 3) Reference Material;
 - 4) Attendance Policy;
 - 5) Pre-Course Assignments;
 - 6) Course Content;
 - 7) Referenced NFPA Standard and JPRs;
 - 8) Course Hours;
 - 9) Daily Agenda; and
 - 10) Qualified Instructors.
- h) If the training facility revises a course curriculum or if the course curriculum is revised due to a change in the applicable Standard or rules before the Course Approval cycle has expired, the course syllabi and content correlated to the respective Standard shall be resubmitted for approval.
- i) Instructor Requirements
- 1) A certified Instructor I may teach the following courses in which the Instructor I possesses the specified certification:
 - A) Basic Operations Firefighter
 - B) Hazardous Materials Operations

OFFICE OF THE STATE FIRE MARSHAL

NOTICE OF PROPOSED AMENDMENTS

- C) Fire Service Vehicle Operator
- 2) A certified Instructor II may teach those courses referenced in Subpart D in which the Instructor II possesses the specified certification.
 - 3) State Practical Examination evolutions shall meet the requirement for student to instructor ratio where specified in Subpart D.
- j) Course completion rosters shall be submitted to the Division by the training facility, utilizing the DPSE WebAccess Portal, listing candidates who successfully completed courses. Candidates must complete 100% of the course requirements of the training facility to be eligible for inclusion on the course completion roster.
- k) The Division may monitor, evaluate and review all aspects of the delivery and record keeping of approved courses for conformance with the requirements of this Part.
- l) Training facilities shall:
- 1) Provide records of student attendance (a minimum of 90% attendance is required for each student seeking certification), and student evaluations of the course;
 - 2) Retain training records in accordance with the applicable local government's records retention schedule but, in no case, less than 5 years for training record review purposes; and
 - 3) Retain complete training facility student records of course completion and test scores for at least 5 years for training record review purposes.
- m) Each training facility shall implement and follow an established system of records maintenance for classroom or web-based delivery that shall be retained and provided to the Division upon request for review.
- 1) Training records shall include at minimum the following:
 - A) Attendance or sign-in sheets;

OFFICE OF THE STATE FIRE MARSHAL

NOTICE OF PROPOSED AMENDMENTS

- B) JPRs of subjects taught, referenced to the applicable Standards;
 - C) Dates and beginning and ending hours trained for each session;
 - D) Total student contact hours;
 - E) Names and signatures of students;
 - F) Names and signatures of instructors;
 - G) Description of how the training was conducted (classroom and practical); and
 - H) Physical location of the training.
- 2) State Practical Examination training records shall contain at minimum the following:
- A) JPRs of subjects taught, referenced to the applicable Standards;
 - B) Date of completion;
 - C) Names and signatures of students; and
 - D) Names and signatures of instructors.
- 3) Computerized or web-based records of training shall include:
- A) Training records maintained utilizing a computerized or web-based records management system shall be acceptable if users have passwords and access rights.
 - B) Users logging into their own account to track a training session, with their attendance at and completion of the training session validated by a Qualified Instructor or fire officer, shall have this entry counted as a digital signature.

OFFICE OF THE STATE FIRE MARSHAL

NOTICE OF PROPOSED AMENDMENTS

- C) Users who have their training sessions logged for them by a Qualified Instructor or fire officer shall be required to review their training records on a scheduled basis via their own account, thereby validating their attendance at and completion of those training sessions.
- n) A training facility must have a system for evaluating the effectiveness of a course taught at that facility.
- o) The Division may revoke Course Approvals if a training facility violates any requirement of Subpart B or Subpart C. In determining whether to revoke, the Division shall consider the seriousness and frequency of the offenses.

(Source: Amended at 48 Ill. Reg. _____, effective _____)

SUBPART C: EXAMINATIONS AND CERTIFICATIONS

Section 141.200 State Examinations

- a) State Written Examinations shall be developed and provided by the Division and administered by approved testing facilities. The battery of State Written Examinations to be given shall be determined by the Division.
 - 1) The Office may approve vendors to proctor State Written Examinations following established State procurement rules.
 - 2) When challenging a State Written Examination, candidates shall follow established rules and guidelines set forth by the vendor proctoring the State Written Examinations.
 - A) The Office shall pay, one time only, for a candidate to challenge a State Written Examination of a specific level.
 - B) If a candidate fails the State Written Examination or fails to appear for their scheduled examination, it shall be the responsibility of the candidate or fire department to pay for additional opportunities to challenge the State Written Examination of the specific level.

OFFICE OF THE STATE FIRE MARSHAL

NOTICE OF PROPOSED AMENDMENTS

- 3) Fire service-related State Written Examinations require a 70% overall passing rate. In the case of State Written Modular Examinations, a 70% overall passing rate for each module is required.
- 4) State Written Examination results shall be posted to the candidate's records and made available by accessing the DPSE WebAccess Portal. The Division shall maintain these scores and may use them internally for statistical and/or employment purposes.
- 5) Procedure to Request State Written Examination
 - A) The training facility or fire department shall submit the completed Request for Examination utilizing the DPSE WebAccess Portal.
 - B) The Request for Examination attests that each candidate has a documented learning experience in each of the subject areas of the State Written Examination requested. It shall be the responsibility of the candidate's employing fire chief, or their designee, to verify completion of all prerequisites for Requests for Examination submitted to the Division.
 - C) A Request for Examination includes:
 - i) Name of training facility submitting Request for Examination;
 - ii) Name of State Written Examination;
 - iii) Training facility with proper Course Approval;
 - iv) Fire Chief or Director's name;
 - v) Name of Qualified Instructor;
 - vi) Names of candidates; and
 - vii) Test start date.
 - D) The candidate must be registered on the DPSE WebAccess Portal

OFFICE OF THE STATE FIRE MARSHAL

NOTICE OF PROPOSED AMENDMENTS

with a valid e-mail address as required in Section 141.65.

- E) When a Request for Examination is approved, a confirmation e-mail will be sent to the candidate's registered e-mail from the vendor with instructions and examination requirements. The candidate has 45 days from the test start date to schedule their examination date. The test start date shall be submitted as part of the Request for Examination.
- F) Candidates challenging the State Written Examinations shall meet one of the following employment requirements and be at least 18 years of age:
 - i) Engaged in firefighting in an organized Illinois fire department in accordance with the Act and attested by the candidate's employing fire chief;
 - ii) Employed by a local governmental agency;
 - iii) Employed by an Illinois fire brigade;
 - iv) Employee of the Office; or
 - v) Individuals who have retired from active fire service duties and are officially affiliated with fire service training, mutual aid, incident command, fire ground operations or staff support for fire associations.
- G) Candidates who have not met minimum requirements for a State Written Examination shall not be examined.
- H) Reasonable modifications to the practices or procedures for proctoring State Written Examinations, in accordance with the federal regulations implementing Title II of the Americans with Disabilities Act (28 CFR 35), shall be permitted upon the Office's receipt, review and approval of a written request from the candidate requesting the specific accommodations. Formal documentation supporting the modification or accommodation sought shall accompany the written request. The vendor shall be

OFFICE OF THE STATE FIRE MARSHAL

NOTICE OF PROPOSED AMENDMENTS

notified by the Division of the approval, including the name of the candidate, the accommodations approved and the specific OSFM identification number for the candidate.

- 6) The Office and IFSI, pursuant to the Intergovernmental Cooperation Act [5 ILCS 22/1] and in accordance with the Civil Administrative Code [20 ILCS 5/5-655], entered into an Intergovernmental Agreement, in furtherance of the certification program, which allows IFSI end of course examinations that pertain to certifications to be reviewed and approved as equivalent to the State Written Examinations. Candidates who complete the approved equivalent IFSI examinations and requirements are not required to challenge and pass the State Written Examinations. The Intergovernmental Agreement will be reviewed and revised as necessary.
- 7) Re-examination of State Written Examinations
 - A) No candidate shall be re-examined without further documented learning experiences in each of the failed subject areas.
 - B) There shall be no limits set by the Division for the number of times a candidate may take the State Written Examination, except when the State Written Examinations are allowed under Section 141.120.
- b) State Practical Examinations shall be developed and provided by the Division.
 - 1) The test site shall have toilet facilities in proximity of the area.
 - 2) A Qualified Instructor is required to sign documentation confirming passage of the practical examinations.
 - 3) For all certification courses that require a Qualified Instructor, at minimum, additional instructors must be certified as Instructor I and to the certification level when evaluating practical examinations.
 - ~~4~~2) All candidates shall be in clear view of the Qualified Instructor or an additional instructor meeting requirements of subsection (b)(3).
 - ~~5~~3) The proctor shall not be permitted to discuss or answer inquiries regarding skills required for the State Practical Examination.

OFFICE OF THE STATE FIRE MARSHAL

NOTICE OF PROPOSED AMENDMENTS

- 64) State Practical Examination results shall be posted to the candidate's records and made available by accessing the DPSE WebAccess Portal. The Division shall maintain these results and may use them internally for statistical or employment purposes.
- A) Candidates challenging the State Practical Examinations shall meet one of the following employment requirements and be at least 18 years of age:
- i) Engaged in firefighting in an organized Illinois fire department in accordance with the Act and attested by the candidate's employing fire chief;
 - ii) Employed by a local governmental agency;
 - iii) Employed by an Illinois fire brigade;
 - iv) Employee of the Office; or
 - v) Individuals who have retired from active fire service duties and are officially affiliated with fire service training, mutual aid, incident command, fire ground operations or staff support for fire associations.
- B) Candidates who have not met minimum requirement for a State Practical Examination shall not be examined, nor shall candidates who are ill or obviously under the influence of drugs or alcohol. In making the determination of drug or alcohol impairment, the Division shall consider, but is not limited to, observation of demeanor, slurred speech, odor of alcohol, general behavior and other considerations that may aid in making the determination.
- 75) State Practical Examinations required by the Division for all certifications other than Basic Operations Firefighter are valid for 12 months. If a candidate has not passed the State Written Examination within 12 months after the State Practical Examination, the candidate must retake the State Practical Examination. State Practical Examinations for Basic Operations Firefighter are valid for 5 years. If a candidate does not pass the State

OFFICE OF THE STATE FIRE MARSHAL

NOTICE OF PROPOSED AMENDMENTS

Written Examination for Basic Operations Firefighter within 5 years from the State Practical Examination date, the candidate must retake the State Practical Examination.

- 86) The passing rate of all State Practical Examinations shall be 100% and it shall be the responsibility of the qualified instructor to follow the Division's rules and assure accuracy of the skills.
- 97) If firefighters from a given fire department experience excessive or repeated failures of a State Written or Practical Examination, the fire chief and appropriate officers of the department are encouraged to contact the Office for assistance.
- 108) Non-affiliated individuals may not challenge any State Written or Practical Examinations except as permitted under Section 141.215.
- 119) The Office may extend deadlines for requirements of this Section for good cause shown (e.g., military deployments, medical leaves, personal emergencies, Acts of God or natural disasters, Gubernatorial Disaster Proclamation, etc.). [50 ILCS 740/1, 11 and 12]

(Source: Amended at 48 Ill. Reg. _____, effective _____)

Section 141.215 Non-Affiliated Individuals

- a) Notwithstanding the other requirements of this Part, this Section establishes the process, effective January 1, 2023, for the Division to recognize non-affiliated individuals who complete select, approved courses, pass select State Written and Practical Examinations, and, upon becoming engaged as fire service personnel, have an opportunity to obtain Basic Operations Firefighter and Hazardous Materials Operations certifications.
 - 1) The Division will recognize course completion by non-affiliated individuals who complete an approved course for Basic Operations Firefighter or Hazardous Materials Operations. ~~The Division will recognize course completion by non-affiliated individuals who complete the classroom portion only of the Fire Service Vehicle Operator course.~~

OFFICE OF THE STATE FIRE MARSHAL

NOTICE OF PROPOSED AMENDMENTS

- 2) The Division will allow non-affiliated individuals the opportunity to challenge the State Written Examinations for Basic Operations Firefighter and Hazardous Materials Operations courses.
 - 3) The Division will recognize a non-affiliated individual's passage of State Practical Examinations upon completion of an approved course from a training facility for Basic Operations Firefighter and Hazardous Materials Operations.
 - 4) Non-affiliated individuals who pass the State Written and Practical Examinations for Basic Operations Firefighter and Hazardous Materials Operations shall be issued a Recognition of Completion.
 - 5) Non-affiliated individuals who have been issued a Recognition of Completion and subsequently become engaged as fire service personnel may receive certification from the Office for Basic Operations Firefighter and Hazardous Materials Operations if requirements under Subpart D are met.
- b) A training facility may add non-affiliated individuals to their roster utilizing the DPSE WebAccess Portal for the purpose of submitting course completions and Requests for Examination as described in this Section.
- 1) Information required to be added on the DPSE WebAccess Portal shall include the non-affiliated individual's:
 - A) Name;
 - B) Address;
 - C) Date of birth;
 - D) Last 8 digits of their driver's license;
 - E) Status as "non-affiliated"; and
 - F) Other optional statistical data at the discretion of the training facility.

OFFICE OF THE STATE FIRE MARSHAL

NOTICE OF PROPOSED AMENDMENTS

- 2) A training facility submitting course completions for non-affiliated individuals will be limited to submitting course completions for Basic Operations Firefighter and; Hazardous Materials Operations ~~and the classroom portion only for a Fire Service Vehicle Operator course~~ and shall not submit course completions for non-affiliated individuals for any other courses.
- 3) The training facility may submit Requests for Examinations for Basic Operations Firefighter or Hazardous Materials Operations State Written Examinations for non-affiliated individuals who have completed an approved course for Basic Operations Firefighter or Hazardous Materials Operations, respectively, on the DPSE WebAccess portal. To submit a Request for Examination, a training facility shall follow the process of Section 141.200(a)(5)(A) through (C) except that the verification required by 141.200(a)(5)(B) shall be provided by the training facility.
- 4) A non-affiliated individual must be at least 18 years of age prior to challenging a State Written Examination.
- c) Non-affiliated individuals shall be allowed to register on the DPSE WebAccess Portal to access their records. Registration using a valid email address shall be required prior to submission of request for examination and challenging State Written Examinations.
- d) When a Request for Examination is approved, a confirmation e-mail will be sent to the non-affiliated individual's registered e-mail from the vendor with instructions and examination requirements. The non-affiliated individual has 45 days from the test start date to schedule their examination date. The test start date shall be submitted as part of the Request for Examination.
- e) When challenging a State Written Examination, a non-affiliated individual shall follow established rules and guidelines set forth by the vendor proctoring the State Written Examination.
- f) A non-affiliated individual is responsible for paying costs for State Written Examinations.
- g) A non-affiliated individual shall be permitted reasonable modifications for Basic Operations Firefighter and Hazardous Materials Operations State Written

OFFICE OF THE STATE FIRE MARSHAL

NOTICE OF PROPOSED AMENDMENTS

Examinations in accordance with Section 141.200(a)(5)(H).

- h) The Division will recognize a non-affiliated individual's passage of State Practical Examinations upon completion of an approved course from a training facility for Basic Operations Firefighter and Hazardous Materials Operations, as follows:
 - 1) The non-affiliated individual must be at least 18 years of age prior to challenging a State Practical Examination.
 - 2) State Practical Examinations for Basic Operations Firefighter are valid for 5 years. If a non-affiliated individual does not pass the State Written Examination within 5 years from the State Practical Examination date, the non-affiliated individual must retake the State Practical Examination.
 - 3) State Practical Examinations for Hazardous Materials Operations are valid for 12 months. If a non-affiliated individual does not pass the State Written Examination within 12 months from the State Practical Examination date, the non-affiliated individual must retake the State Practical Examination.
 - 4) If non-affiliated individuals pass the respective State Written Examination within the required practical examination time limit, a passed practical examination will remain valid with no expiration deadline.
- i) In order to challenge a State Written Examination or State Practical Examination, non-affiliated individuals must meet the minimum requirements set forth in Section 141.200, except for the requirement to be engaged as fire service personnel. Non-affiliated individuals who do not meet the minimum requirements set forth in Section 141.200 (except for the requirement to be engaged as fire service personnel) shall not be allowed to challenge a State Written Examination or State Practical Examination.
- j) Non-affiliated individuals who are ill or obviously under the influence of drugs or alcohol may not challenge the State Written Examination or State Practical Examination. In making the determination of drug or alcohol impairment, the Division shall consider, but is not limited to, observation of demeanor, slurred

OFFICE OF THE STATE FIRE MARSHAL

NOTICE OF PROPOSED AMENDMENTS

speech, odor of alcohol, general behavior and other considerations that may aid in making the determination.

- k) A non-affiliated individual shall be required to achieve a passing score for State Written and Practical Examinations for Basic Operations Firefighter and Hazardous Materials Operations equivalent to those set forth in Section 141.200.
- l) State Written Examination results shall be posted to the non-affiliated individual's records and made available by accessing the DPSE WebAccess Portal. The Division shall maintain these scores and shall use them internally for statistical or employment purposes.
- m) No non-affiliated individual shall be re-examined without further documented learning experiences in each of the failed subject areas. There is no limit set by the Division for the number of times a non-affiliated individual may take the State Written Examination.
- n) Where an additional requirement not specified in this Section 141.215 applies to candidates for State Written and Practical Examinations under Section 141.200, non-affiliated individuals shall also be subject to such requirement, except if that requirement is to be engaged as fire service personnel.
- o) A non-affiliated individual shall be subject to Section 141.210, except that notification required under that Section to be provided to the chief shall not be provided.
- p) The Division shall issue a Recognition of Completion to a non-affiliated individual who completes approved Basic Operations Firefighter and Hazardous Materials Operations courses and passes the respective State Written and Practical Examinations according to this Section. The Recognition of Completion shall, at minimum:
 - 1) Recognize that the non-affiliated individual has completed select courses and passed select State Written and Practical Examinations;
 - 2) List all referenced Standards applicable to the courses completed; and
 - 3) Specify that the recognition is not equivalent to OSFM Certification.

OFFICE OF THE STATE FIRE MARSHAL

NOTICE OF PROPOSED AMENDMENTS

- q) A non-affiliated individual who becomes engaged as fire service personnel at any time during the process of courses and State Written and Practical Examinations allowed under this Section prior to receiving a Recognition of Completion may use completed courses or passed State Written and Practical Examinations in pursuit of certification, provided they meet requirements under this Part.
- r) A non-affiliated individual shall not receive certification.
- s) When a non-affiliated individual who has received a Recognition of Completion subsequently engages as fire service personnel, the fire chief may submit, via the DPSE WebAccess Portal, an Application for Certification for both Basic Operations Firefighter and Hazardous Materials Operations, in accordance with Sections 141.301 and 141.344.
- t) The process outlined in Section 141.255 for the invalidation of state certifications shall apply to the invalidation of a non-affiliated individual's Recognition of Completion, except that the notification required under that section to be provided to the fire chief shall be provided to the non-affiliated individual.
- u) The Office shall not reimburse any costs related to course completion, including tuition and fees, or examination of a non-affiliated individual. No non-affiliated individual, fire service personnel or local governmental agency may make claims for reimbursement or receive reimbursement for any cost related to course completion, including tuition and fees, or examination of any non-affiliated individual. If a non-affiliated individual becomes engaged as fire service personnel, any course that commenced prior to engagement as fire service personnel shall be ineligible for reimbursement.
- v) The Office may extend deadlines for requirements of this Section for good cause shown (e.g., military deployments, medical leaves, personal emergencies, Acts of God or natural disasters, Gubernatorial Disaster Proclamation, etc.). [50 ILCS 740/1, 11 and 12]

Section 141.309 Company Fire Officer

- a) An Illinois Company Fire Officer certification shall meet or exceed the qualifications identified in NFPA 1021.
- b) Prerequisites
 - 1) Engagement as Illinois fire protection personnel, as attested by the employing fire chief of the candidate seeking certification;
 - 2) Current certification as Advanced Technician Firefighter;
 - 3) Current certification as Fire Service Instructor I;
 - 4) Successful completion of a Company Fire Officer course following the described phases of education:
 - A) Phase 1: Background and foundational information can be taught via on-line learning management systems or in the classroom, consisting of a minimum of 40 instructional hours; and
 - B) Phase 2: Practical applications and information review shall be

OFFICE OF THE STATE FIRE MARSHAL

NOTICE OF PROPOSED AMENDMENTS

completed in a traditional classroom setting. This section shall be completed in class to achieve student interaction with the complex management situations that Company Fire Officers encounter. This phase consists of a minimum of 80 instructional hours.

- 5) Passage of the State Written Examination:
 - A) Once a candidate has successfully completed Phases 1 and 2 of an approved Company Fire Officer course, the candidate may challenge the State Written Examination.
 - B) The State Written Examination must be passed within one year after completion of Phase 2 of an approved Company Fire Officer course. If the State Written Examination is not passed within one year after the completion of Phase 2 of an approved Company Fire Officer course, the candidate will be required to retake Phases 1 and 2 prior to receiving certification.
- 6) Phase 3: Upon successful completion of Company Fire Officer Phases 1 and 2, and passage of the State Written Examination, the candidate will have a maximum of 3 years to complete the Company Fire Officer Task Book (Task Book), supplied by the Division.
 - A) The completed Task Book shall be verified by a certified Company Fire Officer.
 - B) The qualified instructor and employing fire chief shall document the completion of the Task Book.
 - C) If the Task Book is not completed within 3 years, the candidate shall be required to retake all Phases prior to certification.
 - D) All tasks in the Task Book must be completed after the candidate's passage of the State Written Examination. Any tasks completed in the Task Book prior to passage of the State Written Examination shall not be counted towards the completion of the Task Book.
- 7) Documentation of a minimum of 4 cumulative years of fire service experience; and

OFFICE OF THE STATE FIRE MARSHAL

NOTICE OF PROPOSED AMENDMENTS

- 8) Application for Certification.
- c) Training documentation shall be maintained in the fire service personnel's training records at the employing fire department.
- d) A qualified instructor for this level must be certified as Fire Service Instructor II and Company Fire Officer.
- e) Fire department or individual reimbursement may be available for training costs for Company Fire Officer as provided in Subpart E.
- f) The course as set forth in Section 141.115 and the training facility as set forth in Section 141.100 must be approved by the Division.
- g) Credit for an equivalent course will be approved by the Division when the equivalent course meets the requirements of Section 141.120.
- h) Exception to Prerequisites. If a candidate was previously certified as Fire Officer I, and meets the requirements of subsections (b)(1), (2), (3), (7), and (8), then the candidate must pass the Company Fire Officer State Written Examination and complete the Task Book to be issued a Company Fire Officer certification.

Section 141.315 Advanced Fire Officer

- a) An Illinois Advanced Fire Officer certification shall meet or exceed the qualifications identified in NFPA 1021.
- b) Prerequisites
 - 1) Engagement as Illinois fire protection personnel, as attested by the employing fire chief of the candidate seeking certification;
 - 2) Current certification as a Company Fire Officer;
 - 3) Current certification as Fire Department Incident Safety Officer;
 - 4) Current certification as Fire Service Instructor II;

OFFICE OF THE STATE FIRE MARSHAL

NOTICE OF PROPOSED AMENDMENTS

- 5) Completion of the NIMS 800 course;
- 6) Successful completion of an Advanced Fire Officer course following the described phases of education:
 - A) Phase 1: Background and foundational information can be taught via on-line learning management systems or in the classroom, consisting of a minimum of 40 instructional hours; and
 - B) Phase 2: Practical applications and information review shall be completed in a traditional classroom setting. This section shall be completed in class to achieve student interaction with the complex management situations that Advanced Fire Officers encounter. This phase consists of a minimum of 80 instructional hours.
- 7) Passage of the State Written Examination:
 - A) Once a candidate has successfully completed Phases 1 and 2 of an approved Advanced Fire Officer course, the candidate may challenge the State Written Examination.
 - B) The State Written Examination must be passed within one year after completion of Phase 2 of an approved Advanced Fire Officer course. If the State Written Examination is not passed within one year after completion of Phase 2 of an approved Advanced Fire Officer course, the candidate must retake Phases 1 and 2 prior to receiving certification.
- 8) Phase 3: Upon successful completion of Advanced Fire Officer Phases 1 and 2 and passage of the State Written Examination, the candidate will have a maximum of 3 years to complete the Advanced Fire Officer Task Book (Task Book) supplied by the Division.
 - A) The completed Task Book shall be verified by a certified Advanced Fire Officer.
 - B) The qualified instructor and employing fire chief shall document the completion of the Task Book.

OFFICE OF THE STATE FIRE MARSHAL

NOTICE OF PROPOSED AMENDMENTS

- C) If the Task Book is not completed within 3 years, the candidate shall be required to retake all Phases prior to certification.
- D) All tasks in the Task Book must be completed after the candidate's passage of the State Written Examination. Any tasks completed in the Task Book prior to passage of the State Written Examination shall not be counted towards the completion of the Task Book.
- 9) Documentation of a minimum of 5 cumulative years of fire service experience; and
- 10) Application for Certification.
- c) Training documentation shall be maintained in the fire service personnel's training records at the employing fire department.
- d) A qualified instructor for this level must be certified as Fire Service Instructor II and Advanced Fire Officer.
- e) Fire department or individual reimbursement may be available for training costs for Advanced Fire Officer as provided in Subpart E.
- f) The course as set forth in Section 141.115 and the training facility as set forth in Section 141.100 must be approved by the Division.
- g) Credit for equivalent courses will be approved by the Division when the equivalent course meets the requirements of Section 141.120.
- h) Exception to Prerequisites. If a candidate was previously certified as Fire Officer II, and meets the requirements of subsections (b)(1) through (5), (9) and (10), then the candidate pass the Advanced Fire Officer State Written Examination and complete the Task Book to be issued an Advanced Fire Officer certification.

 - ~~2827)~~ Rope Technician
 - ~~28)~~ ~~Rescue Operations~~
 - ~~29)~~ ~~Rescue Technician~~
- ef) Level-specific certifications issued on or before January 1, 2022 will no longer be considered current on December 31, 2025, except for Fire Investigator ~~and Arson Investigator~~, which is~~are~~ referenced further within this Section.
- fg) Certifications issued on or after January 1, 2022 will no longer be considered current 4 years after their issuance date.
- gh) Recertification process for all levels except Fire Investigator ~~and Arson Investigator~~:
- 1) Certifications shall remain current 4 years after their issuance date.
 - 2) Applicants for recertification must hold a current level-specific certification issued by the Office.
 - 3) Applicants for recertification must complete recertification training that follows the level-specific job performance requirements ("JPRs") in the relevant NFPA Standard within the previous 4-year certification period:

OFFICE OF THE STATE FIRE MARSHAL

NOTICE OF PROPOSED AMENDMENTS

- A) Documentation of successful recertification training may be demonstrated by completing the level-specific Recertification Task Book (Task Book).
 - B) If an applicant or fire department opts not to utilize the Task Book, documentation of successful recertification training shall be maintained in the fire service personnel's training record. Training records utilized for recertification documentation, at a minimum, shall include the components listed on the Task Book Proficiency Log Sheets.
- 4) Application for recertification:
- A) If utilizing the Task Book, the Proficiency Log Sheets shall be uploaded using the DPSE WebAccess Portal.
 - B) If not utilizing the Task Book, a completion report meeting the same criteria of the Proficiency Log Sheets shall be uploaded using the DPSE WebAccess Portal.
 - C) In lieu of uploading either the Proficiency Log Sheets or completion report, recertification completion data shall be manually entered in the DPSE WebAccess Portal.
 - D) The application for recertification cannot be submitted more than 12 months prior to the date upon which certification is no longer considered current.
- 5) The Division shall send notification to the employing fire department at one year and at 90-days prior to the date that fire service personnel's certification will no longer be considered current.
- 6) The Office shall grant each candidate a 90-day grace period to complete the recertification requirements. If recertification is not completed within the 90-day grace period, the candidate may maintain current certification in the established recertification cycle if the candidate completes a new Task Book within 6 months of the end of the 90-day grace period, with task dates after the date the previous certification is no longer considered current. The application for recertification shall include the Proficiency

OFFICE OF THE STATE FIRE MARSHAL

NOTICE OF PROPOSED AMENDMENTS

Log Sheets uploaded or manually entered using the DPSE WebAccess Portal. Training used in one certification cycle cannot be used towards recertification in another certification cycle. If the new Task Book is not completed within 9 months of the original date that certification is no longer current, the fire service personnel may make the certification current in a new recertification cycle by submitting proof of completion of an approved level-specific course.

- 7) When submitting for recertification, the fire chief must attest that all the requirements of this Section are met and affirms that:
 - A) The candidate seeking recertification is engaged as Illinois fire protection personnel.
 - B) Training documentation for recertification shall be maintained in the fire service personnel's fire department training records and is available for review by the Division upon request.
 - C) The submission of the application and Proficiency Log Sheets or completion report is true and accurate to the best of their knowledge.
- 8) Fire service personnel who possess the highest level of certification within specific disciplines and who desire that certification to remain current, shall only be required to recertify at the highest level. Once recertified at the highest level, all lower level recertifications shall automatically be processed and approved.
- 9) ~~Recertification Requirements for Rescue Operations. Fire service personnel who possess a Rescue Operations certification may complete the recertification requirements outlined in the level-specific JPRs in the relevant NFPA Standards in lieu of completing each rescue operations-level requirements for recertification.~~
 - A) ~~Documentation of successful recertification training may be demonstrated by completing the Task Book.~~

OFFICE OF THE STATE FIRE MARSHAL

NOTICE OF PROPOSED AMENDMENTS

- ~~B) If a fire department opts not to utilize the Task Book, documentation of successful recertification training shall be maintained in the fire service personnel's training record.~~
 - ~~C) Training records utilized for recertification documentation, at a minimum, shall include the components listed on the Task Book Proficiency Log Sheets.~~
- 10) ~~Recertification Requirements for Rescue Technician. Fire service personnel who possess a Rescue Technician certification may complete the recertification requirements outlined in the level-specific JPRs in the relevant NFPA Standards in lieu of completing each rescue technician-level requirement for recertification.~~
- ~~A) Documentation of successful recertification training may be documented by completing the Task Book.~~
 - ~~B) If an applicant or fire department opts not to utilize the Task Book, documentation of successful recertification training shall be maintained in the fire service personnel's training record.~~
 - ~~C) Training records utilized for recertification documentation, at a minimum, shall include the components listed on the Task Book Proficiency Log Sheets.~~
- hi) Recertification Process for Fire Investigator ~~and Arson Investigator.~~
- 1) Certifications shall remain current 4 years after their issuance date.
 - 2) Applicants for recertification must hold a current Office level-specific certification.
 - 3) Applicants for recertification shall complete recertification training that follows the established course objectives identified in NFPA 1033, totaling 100 points over the 4-year period, based on the point system on the tally sheet used by the Division. Point dissemination shall be determined by the Division.
 - 4) Application for recertification:

OFFICE OF THE STATE FIRE MARSHAL

NOTICE OF PROPOSED AMENDMENTS

- A) If utilizing the Division-supplied Recertification Tally Sheet, the Tally Sheet shall be uploaded using the DPSE WebAccess Portal.
 - B) If not utilizing the Division-supplied Recertification Tally Sheet, a completion report meeting the same criteria of the Tally Sheet shall be uploaded using the DPSE WebAccess Portal.
 - C) In lieu of uploading either the Tally Sheet or completion report, recertification completion data shall be manually entered using the DPSE WebAccess Portal.
 - D) The application for recertification cannot be submitted more than 12 months prior to the date upon which certification is no longer considered current.
- 5) The Division shall send notification to the employing fire department at one year and at 90-days prior to the date that fire service personnel's certification shall no longer be considered current.
- 6) The Office shall grant each candidate a 90-day grace period to complete the recertification requirements. Training used in one certification cycle cannot be used towards recertification in another certification cycle. If recertification is not completed within the 90-day grace period after the date that certification is no longer considered current and the candidate desires to maintain a current certification, the candidate shall be required to complete an approved Fire Investigator course to obtain recertification.
- 7) When submitting an application for recertification, the chief attests that all the requirements of this Section are met and affirms that:
- A) The candidate seeking recertification is employed by a local governmental agency or the Office.
 - B) Training documentation for recertification shall be maintained in the fire service personnel's department training records and available for review by the Division upon request.

OFFICE OF THE STATE FIRE MARSHAL

NOTICE OF PROPOSED AMENDMENTS

- C) The submission of the application and Tally Sheet or completion report is true and accurate to the best of their knowledge.
- ~~8) For fire service personnel who possess both Fire Investigator and Arson Investigator certifications and who recertify at either level, the dates that certification is no longer considered current will be changed for both levels to the latter date.~~
- i) When all recertification requirements are met, a new certificate will be available on the DPSE WebAccess Portal.
- j) The Office may extend deadlines for requirements of this Section for good cause shown (e.g., military deployments, medical leaves, personal emergencies, Acts of God or natural disasters, Gubernatorial Disaster Proclamations, etc.). [50 ILCS 740/1, 11 and 12]

Section 141.395 Historical Certification Titles

- a) The Division reserves the right to acknowledge historical certification titles as equivalent to current certification titles, to be utilized for instructor qualifications and as prerequisites for fire service personnel to transition to a current certification title.
- 1) Firefighter II certification shall be allowed as a prerequisite for certification and instructor qualifications that requires Basic Operations Firefighter certification. Fire Service personnel who possess a Firefighter II certification can transition and obtain a Basic Operations Firefighter certification by completing the additional requirements for certification. The Firefighter II certification shall be equivalent for the course completion and State Written and Practical Examinations towards Basic Operations Firefighter Certification.
- 2) Firefighter III certification shall be allowed as a prerequisite for certification and instructor qualifications that requires Advanced Technician Firefighter certification. Fire Service personnel who possess a Firefighter III certification can transition and obtain an Advanced Technician Firefighter certification by completing the additional

OFFICE OF THE STATE FIRE MARSHAL

NOTICE OF PROPOSED AMENDMENTS

requirements for certification. The Firefighter III certification shall be equivalent for the course completion and State Written and Practical Examinations towards Advanced Technician Firefighter Certification.

- 3) Fire Officer I certification shall be allowed as a prerequisite for certification and instructor qualifications that requires Company Fire Officer certification.
- 4) Fire Officer II certification shall be allowed as a prerequisite for certification and instructor qualifications that requires Advanced Fire Officer certification.
- 5) Fire Prevention Officer certification shall be equivalent to Basic Fire Prevention Officer and shall be allowed as a prerequisite for certification and instructor qualifications for Fire Inspector I.
- 6) Fire Inspector II and Plans Examiner I shall be equivalent to Advanced Fire Prevention Officer.
- 7) Juvenile Firesetter Intervention Specialist shall be equivalent to Youth Firesetter Intervention Specialist. [Youth Firesetting Prevention and Intervention Specialist shall be equivalent to Juvenile Firesetter Intervention Specialist and Youth Firesetter Intervention Specialist.](#)
- 8) Hazardous Materials First Responder-Operations shall be equivalent to Hazardous Materials Operations.
- 9) The combined certifications of Hazardous Materials Technician A and Hazardous Materials Technician B shall be equivalent to Hazardous Materials Technician.
- 10) Rescue Specialist-Confined Space shall be equivalent to Confined Space Operations.
- 11) Rescue Specialist-Vertical I shall be equivalent to Rope Operations.
- 12) Rescue Specialist-Trench shall be equivalent to Trench Operations.
- 13) Water Operations shall be equivalent to Surface Water Operations.
