

Illinois Community Risk Reduction Learning Lab Live

What: Distracted driving causes thousands of deaths annually in the U.S., with over 3,200 fatalities reported in 2024 alone. This is a risk facing every community!

Following the death of his daughter Casey, Joel Feldman transformed his grief into a mission to combat distracted driving. He founded End Distracted Driving (EndDD.org), an organization dedicated to raising awareness about the dangers of distracted driving. Through his efforts, he has delivered over 1,000 presentations to students, parents, and professionals across the United States, emphasizing the importance of focused driving and the consequences of distractions.

When: Tuesday, August 4th, 2026, at 10 AM
