

# Life Safety Code

December 2018

## HOW TO ACCESS NFPA CODES ONLINE

### How Do I Access NFPA Publications?

If you would like to review the National Fire Protection Association's NFPA 101, Life Safety Code or any other NFPA codes for yourself, you can view them at no cost through the NFPA website.

An NFPA membership is not required to either purchase or view NFPA codes online. A user may "register" an email address and self-chosen password for free access to view the codes at <https://www.nfpa.org/Login>. The documents are "Read Only" and they cannot be printed, copied or saved. They can only be viewed online.

### To View the Life Safety Code:

1. On the opening page (<https://www.nfpa.org/>) a user can click on "Codes and Standards" at the bottom under Quick Links and then on the link "List of NFPA Codes and Standards". The user should then scroll down the list to "NFPA 101" which is the Life Safety Code.

or

2. Open the link below to go directly to the page for NFPA 101 Life Safety Code:  
<https://www.nfpa.org/codes-and-standards/all-codes-and-standards/list-of-codes-and-standards/detail?code=101>

**Please note that the user must choose the edition of the Life Safety Code that they wish to view.** This can be selected using the drop-down menu under "Current & Prior Editions", and then selecting the appropriate edition. OSFM currently has adopted and enforces the 2000 edition and is proposing an update to the 2015 edition.

To view any other NFPA code, follow Option 1 above, then scroll to the desired code.
